UPDATE as on January 31, 2024

The Adhyayanaotsavam was a grand success and was attended by a number of Seattle Area Bhagavatas. Ranganatha Bhattar excelled himself in imaginative “theme” alankAras of PerumAL every day. The highlight of these was the one which depicted BhagavadRamanujar receiving the Lakshmi Hayagriva Moorthy from Goddess Saraswati in appreciation of his Commentary on the Brahmasutrams, which She named as “SribhAshyam”.

On the last day of Iraappattu, “Nammazhvar Moksham” was celebrated elaborately with participation by a large group of bhagavatas. The 21-day utsavam was finally concluded with a day-long recital of Iyarpa followed by Periya shaattrumurai.

Following the Adhyayanotsavam, daily aradhanam for PerumAL continued at Swaroop Sridhar’s place till the end of January. On the 28th January, an other major function namely, “Pushpa Yaagam” was celebrated. This was arranged at the Seattle Vedic Center and was attended by a large group of devotees. The function extended over five hours and involved the offering of an abundance of flowers of all kinds to PeruMAL. The whole ritual was ably performed as per the Agama by Sri Ranganatha Bhattar. PerumAL and Parivaram left for the San Francisco Bay Area Sancharam on February 1. We sincerely thank Sri Swaroop Sridhar, Sri Ranganatha Bhattar and all the Seattle Area Hayagreeva devotees for making the Seattle Area Sancharam a memorable experience. Photos from these various utsavams can be seen from following the links below.
